Activities in April 2024

Started Student mobilization Campaign in nearby Villages

On 25th April 2024, SAS Government Degree College initiated a comprehensive campaign in nearby villages aimed at improving student enrollment for the upcoming academic year. The campaign was designed to reach out to potential students, inform them about the educational opportunities available at the college, and assist them in the enrollment process.

As part of this outreach effort, the college faculty, including lecturers, actively participated in visiting various villages. During these visits, they interacted with students and their families, providing detailed information about the courses offered, the benefits of higher education, and the facilities available at the college.

One of the key highlights of the campaign was the introduction of the DigiLocker app to all prospective students. The faculty assisted students in setting up and opening their DigiLocker accounts, a government initiative that provides a secure cloud-based platform for storing important documents. This step was crucial in ensuring that students could easily access and submit necessary documents during the enrollment process, making it more convenient and efficient.
